

# Lead Medical Technologist – Immunoassay Drug Screening

## Greater Boston Area

Our client is seeking an experienced Med Tech for a growing Clinical Toxicology lab in the Greater Boston area. The lab has an immediate need for someone with 2+ years of experience in a drug screening lab working with immunoassay instrumentation. He/she will help to lead the Drug Screening Team while assisting in the day to day running of client samples.

## Primary Responsibilities

- Assist in managing a team of medical technologists using EIA technology to screen biological compounds for drugs of abuse & therapeutic drugs – **large amount of work will be HANDS-ON**
- Verify equipment accuracy and precision by running standards and controls; provide routine instrument maintenance and trouble shooting
- Direct management, training, and development of med techs
- Ensure the screening team is operating efficiently; improve processes when necessary

## Primary Qualifications

- Minimum of a BA/BS degree in Chemistry, Biology, Medical Technology, or a related field
- **2+ years working in a clinical testing lab**
- **Knowledge of drug screening using immunoassay (EIA) chemical analyzers is highly desired (Olympus users preferred!)**
- **WANTED!** – Candidates with a strong attention to detail who are motivated to provide high quality results and can work successfully lead a team

## Salary / Benefits

- 60-70k annual salary depending on experience
- Fantastic benefits!
