

CLIA Lab Director – Diagnostic Mass Spectrometry

Boston Area

VRS Recruitment is looking for a high level Scientist with a deep understanding of high complexity clinical diagnostic testing. You must be a Board-Certified PhD or MD with leadership experience in a clinical lab. *See below for further requirements.*

Primary Responsibilities:

- Direct line management of CLIA laboratory staff (15+ direct reports), and management of lab budget
- Provide leadership, direction and planning for a wide variety of clinical laboratory related testing (immunoassay / mass spec) and activities
- Oversee proficiency testing & CLIA inspections
- Optimize current and additional resources in order to foster growth
- Maintain, evaluate, and improve QA/QC program
- Participate in conferences and industry related meetings while staying at the forefront of new clinical and medical diagnostic techniques

Candidate Qualifications:

- Ph.D. in physical, chemical, biological or clinical laboratory science with Board Certification... or MD certified in clinical pathology
- 2+ years' leadership experience at a senior level managing a clinical lab.
- Understanding of high complexity testing and mass spectrometry (LC/MS); GLP experience a PLUS!
- Publications / presentations in the field of analytical and/or clinical chemistry

Compensation:

- \$150k and above for qualified candidates
- Health insurance and 401k benefits
- Relocation assistance provided
