

Analytical Chemist - LC-MS & GC-MS

Nevada

Our client is seeking several **Analytical Chemists** for their testing lab in **Las Vegas, Nevada**. The lab is looking for mass spectrometrists with experience in the quantitative analysis of small molecules. **These positions will be filled immediately! There are multiple shifts available**

Primary Responsibilities

- Operation of LC-MS/MS & GC-MS/MS instrumentation for the targeted analysis of trace small molecules in extracted samples
- Run standards and controls, verifying equipment accuracy and function
- Maintain and troubleshoot chromatographic and mass spec instrumentation as needed
- Process chromatographic data & communicate significance of results to management and customers

Primary Qualifications

- Minimum of a Masters (M.Sc.) degree in a physical science
- Hands on HPLC, GC/MS, & LC/MS experience a must (Shimadzu users a PLUS!)
- Must be able to work under pressure and meet deadlines consistently
- Looking for a team player who will happily wear many hats and is motivated to provide high quality results

Salary / Benefits

- \$60-80k+ annual salary
- Paid vacation
- Health Insurance

If this role is of interest to you, and your background is suitable, please email your resume in WORD format to apply@VRS-US.com
