

# In-House Service Engineer - LC/MS/MS

## New York City

Can you trouble-shoot, fix and service HPLC and LC/MS/MS systems? Are you looking for a new and challenging (site-based) hands-on opportunity working with LC/MS?

VRS is currently searching for an **On-Site Service/Support Engineer**. Our client runs a state of the art Toxicology Laboratory in New York City and is looking to hire immediately!

## Responsibilities

- Repair, maintain, and support HPLC and LC-MS/MS systems
- Provide excellent in-house engineering support
- Document and report all repairs, product failures, etc and other service paperwork in a timely fashion
- Manage repair parts inventory with suppliers
- Train and support colleagues in maintenance and trouble-shooting
- Maintain knowledge of current LC/MS technology and customer applications

## Requirements

- 2+ years LC-MS service experience, ideally with **AB Sciex and/or Agilent instrumentation**
- Degree in Engineering or Science
- Excellent troubleshooting skills; must attack system level problems thoroughly and logically
- **MUST** be able to remain cool under pressure!

## Compensation

- \$70-90k annual salary or MORE for exceptional candidates!
- Health insurance, PTO
- Relocation and travel reimbursements available

## APPLY NOW!

If this role is of interest to you, and your background is suitable, please email your resume in WORD format to [eberner@VRS-US.com](mailto:eberner@VRS-US.com)
