

# Mass Spectrometry Software Support

## Greater Boston Area

Outstanding opportunity to combine your passion for Mass Spectrometry and software!!!

Working for an internationally renowned scientific instrument vendor your duties will include:

- 'Training the trainer' - Developing training courses and materials used by colleagues to ensure exceptional technical services are provided to end users on software applications for LC/MS/MS
- 'Being the Guru' – Final line support for internal and external clients on software applications related to Mass Spectrometry
- 'Voice of the customer' – Liaising with the software development team on issues and potential improvements to existing products

## Primary Requirements:

- Minimum of 5 years' hands on LC/MS/MS experience (academia or industry)
- It is essential you hold a BS in Science (Chemistry or Life Sciences preferred) w/ 5 years' industry experience or PhD with extensive hands on Mass Spectrometry experience
- A passion for software, coding experience is beneficial but not essential
- Proven ability to develop novel LC/MS/MS methodologies and a flare for instrument troubleshooting
- Excellent oral and written communication skills in English is essential, knowledge of Mandarin would be beneficial!
- Ability to travel domestically and internationally 20-25%

## Compensation

- Base salary \$90-125k + bonus
- Relocation assistance for qualified candidates
