

LC/MS Analyst

Maine

Outstanding opportunity for a junior analytical chemist to work daily with LC/MS instrumentation for the analysis of biologicals in a research and development environment. Working in a team of fellow minded analytical chemists you will work on early stage development projects for the advancement of healthcare.

What you'll do

- Operation of LC/MS/MS instrumentation for the analysis of biological samples; determine the presence or quantity of various small molecules and proteins
- Run standards and controls, verifying equipment accuracy and function
- Maintain and troubleshoot chromatographic and mass spec instrumentation as needed

What you need

- Minimum of a B.S. degree in Chemistry or related field
- Hands on LC/MS experience (Sciex / Thermo users with troubleshooting desired) ideally in an industrial environment. Applications are also invited from MS graduates with an LCMS focused project
- Looking for a team player with the ability/interest to help in all areas of the lab without hesitation

What you'll get

- \$60-65K + bonus
- Paid vacation + 401k match
- Medical/dental/vision insurance
