

Applications Chemist – Environmental Testing

Greater Philadelphia, PA

You will be working as a Specialist promoting a range of chromatography consumables into the Environmental testing market. You will work to build on existing relationships by providing technical support to key customers, both remotely and on-site throughout the United States (30% travel). You will assist in developing new application notes, and present these to both customers and internal staff.

Exemplary communication and interpersonal skills are paramount. Applicants must also have a strong background in chromatography, either LC or GC, along with an understanding of sample extraction techniques. He/she should ideally have 2+ years of experience working within an Environmental testing lab, and familiarity with EPA testing protocols. Salary is flexible based on your level of experience.

APPLY NOW!

If this role is of interest to you, and your background is suitable, please email your resume in WORD format to eberner@VRS-US.com
